## ABOUT ME

I am a passionate web developer with a creative approach and a solid front-end background. As a web developer, I have acquired skills to create visually innovative and effective solutions, as well as to collaborate on team projects. My passion for web development and programming, along with my attention to details, allow me to produce impactful and attractive solutions that connect with the user.

## SKILLS

Continuous learning
Problem resolution.
Teamwork.
Communication skills.
Creative
Persistent

## EXPERIENCE

**2023 OCTOBER-DECEMBER | JUNIOR WEB DEVELOPER | FUNDATEC**
Collaborated with the IT team in improving an old system by updating technologies to newer versions, such as PHP, jQuery, Bootstrap, JavaScript and MySQL. Additionally, I participated in the creation of a new, more intuitive graphical interface for the user.
